PROFESSIONAL SUMMARY

I am a front-end developer with over 2 years of experience. I am passionate about designing engaging and user-friendly web applications. I have a keen eye for design and a commitment to improving user experiences. I have experience in responsive design and cross-browser compatibility. I am skilled at collaborating with cross-functional teams to deliver high-quality projects within deadlines. I am looking to develop my skills to become a Full-Stack using Node.js.

WORK EXPERIENCE

Al-Musanid Tech | Saudi Arabia – On site

Front-end Developer | April 2025 – Present

- I work in an integrated work environment, starting with the UI/UX team, backend developers, and frontend developers, in order to create an integrated project at the highest level.
- Use Tailwind and Next JS mainly.
